

The logo for Healthcare Workforce Intelligence. It features the word "HEALTHCARE" in a dark blue, sans-serif font. Below it, the words "Workforce Intelligence" are written in a lighter blue, sans-serif font. The "H" in "HEALTHCARE" is stylized with a teal-colored square behind it.

Healthcare Never Stops. Neither Should Your Workforce.

THE **AI-POWERED** HEALTHCARE STAFFING & WORKFORCE INTELLIGENCE PLATFORM

Healthcare Never Stops. Neither Should Your Workforce.

Every second matters. Every shift matters. Every healthcare professional matters.

Yet every day, healthcare organizations face staffing challenges that impact patient care, operational efficiency, and workforce wellbeing. Last-minute absences, fluctuating patient volumes, compliance requirements, and workforce shortages demand a faster, smarter, and more reliable solution.

NAYX Inc. transforms healthcare staffing with an AI-powered workforce marketplace that intelligently connects healthcare facilities with qualified professionals

when and where they are needed most.

1

Healthcare
Never Stops.

NAYX is not a traditional staffing platform.

It is an intelligent, on-demand healthcare workforce marketplace where healthcare facilities can instantly post shifts from one hour to long-term assignments and Artificial Intelligence identifies, verifies, and matches the most qualified professionals in real time.

JUST INTELLIGENT STAFFING, POWERED BY AI

HOW
NAYX
WORKS

Facilities publish staffing requirements in minutes.

Our AI instantly evaluates verified healthcare professionals based on:

- Specialty & Clinical Experience
- Active Licenses & Certifications
- Compliance Status
- Availability
- Geographic Location
- Facility-Specific Requirements
- Previous Performance & Reliability

Qualified professionals receive real-time notifications, claim available shifts, and bookings are confirmed within moments.

NAYX combines intelligent automation with enterprise-grade workforce management to simplify every stage of healthcare staffing.
